ORDINANCE NO. 73-26 – ACCEPTING THE INSURANCE PROPOSAL SUBMITTED BY OSWALD COMPANIES

The Clerk read Ordinance No. 73-26 by title only, entitled:

AN ORDINANCE ACCEPTING THE INSURANCE PROPOSAL SUBMITTED BY OSWALD COMPANIES AND DECLARING AN EMERGENCY

A motion was made by Mr. Radcliffe and seconded by Mrs. Demaline to suspend the rules and act on Ordinance No. 73-26, and the discussion was:

Mr. Presley explained that the renewal information for the annual general liability and property insurance package had arrived after the cutoff for the previous week's meeting. He explained that the City had competitively marketed the insurance the prior year, and the current carrier had proven to offer the best and lowest rates at that time. He stated that because of this, the City was proceeding with a direct renewal rather than returning to the open market, noting that going to market every year is counterproductive as carriers will become less responsive. Mr. Presley indicated that he would have returned to the market had the renewal come in at a 15 to 20 percent increase, but with only a 3.5 percent rate increase, he did not consider a full market search warranted. He indicated the City would revisit market competitiveness every two or three years.

Mrs. Demaline asked whether the renewal included cyber security insurance. Mr. Presley confirmed that it does and noted there was no increase in the cyber rate.

The vote was 6 for and 0 against, and the Chair declared the motion passed.

REPORTS AND COMMENTS

MAYOR JENSEN opened his remarks by noting that the passage of Ordinance No. 72-26, the pipeline relocation agreement with Columbia Gas of Ohio, represents only the first step in the Chester Road widening effort. He explained that the City still has a culvert to replace near the Pettiti Garden Center property, after which the City will proceed with widening the roadway to five lanes.

The Mayor also expressed some disappointment upon returning from vacation to find that sidewalk work had not yet commenced. He reported speaking with Ms. Clements that day, who indicated work was expected to begin, though rain may have caused a delay. Mayor Jensen stated his intention to apply pressure on the contractor during the coming week to get started, noting that progress from Detroit Road to Colorado Avenue and over to Jaycox Road was the anticipated sequence. He conveyed that once the contractor begins work, he expects them to continue, but acknowledged some unease at seeing no equipment in place despite a promised start date that had already passed by a couple of weeks.

COUNCIL MEMBERS:

MS. BERGES, AT LARGE, welcomed Mayor Jensen back from vacation. She provided an update on the Traxler Family Arboretum project. She reported that the previous week a meeting was held with the landscape architect, MKSK, and members of the Tree Commission to review and refine the site plans. Ms. Berges indicated that the site plan is in good shape and that a finalized plan would soon be available, which she expressed would be helpful in facilitating donations and sponsorships. She characterized the progress as very encouraging.

Ms. Berges then inquired about how the rollout of e-bike regulations and helmet requirements was proceeding throughout the City. Safety Director Duane Streator responded that over the previous several weeks, the Police Department had spoken with numerous residents, and at times their parents, regarding e-bike regulations, and that helmet usage is "definitely" improving. Ms. Berges expressed that this was very good to hear, then extended early Happy Fourth of July wishes to everyone stating that she was looking forward to the annual Bike Parade.

MRS. DEMALINE, WARD 1, thanked Mayor Jensen for the sidewalk update and followed up on the e-bike discussion. She asked whether there had been much education provided on riding etiquette. Safety Director Streator confirmed that School Resource Officers had conducted extensive educational sessions in all schools before the end of the year, covering both safety and etiquette. Mrs. Demaline stated it was suggested to her that adding information on e-bike etiquette to the next City Newsletter, noting that e-bike behavior remains a "hot button issue" that continues to grow.

Mayor Jensen elaborated on this point, confirming that recent safety camp sessions also included a segment on proper e-bike etiquette. He noted that discussions are planned for the July Work Session to consider additional regulations, referencing what neighboring communities such as Wellington have done. The Mayor stressed that he did not want the City to be last to act, citing a personal observation at a recent movie night event where juveniles were actively arguing with police officers about what they were and were not permitted to do on their e-bikes. He expressed concern that parents are often unaware that certain high-speed or high-capacity e-bikes legally require a license, stating that some of those bikes should be treated essentially as motor vehicles. He suggested the City's Newsletter address this issue directly to inform parents that their children may not legally be permitted to operate certain e-bikes without a license, drawing a parallel to the City's existing treatment of golf carts.

Mrs. Demaline then asked whether there were any curfew requirements that apply. Mayor Jensen acknowledged the issue of juveniles seen riding at midnight and noted that juvenile curfew laws do apply. He raised a further concern that the City's own Police e-bikes had on at least one occasion been unable to keep pace with some of the faster e-bikes being ridden by youths, requiring Police vehicles to be called in to assist. He recounted a personal incident on French Creek Road where a group of juveniles on e-bikes ran a red light at speed, and he expressed serious concern that the City does not wait for a child to lose their life before taking more decisive action. He also noted ongoing complaints about e-bike riders cutting through residents' yards and jumping curbs in the Highland Park Subdivision. Mrs. Demaline thanked the Mayor and the Administration for their continuing efforts before concluding her remarks.

MS. ETIENNE, WARD 2, thanked the Administration for their work on e-bike enforcement. She also drew attention to Jessica Stringer's upcoming "Empathy Road Trip – A Journey of Kindness, Community and Compassion," scheduled for June 24 to August 2, 2026. Mrs. Stringer, an Avon school counselor, will travel through Virginia, D.C., North and South Carolina, Georgia, Tennessee, Kentucky and southern Ohio to raise awareness of the importance of kindness, community and compassion.

MR. MOORE, WARD 3, was absent.

MS. PATTON, AT LARGE, expressed her appreciation for the ongoing enforcement and education efforts related to e-bikes and thanked Mayor Jensen for his quick action in addressing a street issue near the pool.

MR. RADCLIFFE, WARD 4, echoed his appreciation for the e-bike enforcement efforts and the continued focus on the sidewalk program.

MR. FISCHER, AT LARGE, reminded Council that there is no meeting the following week, as it falls on the fifth Monday of the month, and that the next meeting will be Monday, July

6th. He also reminded members that during July and August, Council meets only the first two weeks of each month, and asked members to notify him in advance of any vacations that would conflict with a voting night. He closed by wishing everyone a Happy 250th Anniversary of America and Happy Fourth of July.

DIRECTORS/ADMINISTRATION:

MR. CUMMINS, CITY ENGINEER, had no comments.

MS. FECHTER, PLANNING/ECONOMIC DEVELOPMENT COORDINATOR, had no comments.

MR. GASIOR, LAW DIRECTOR, wished Council a happy fifth Monday and Happy Fourth of July.

MR. PRESLEY, FINANCE DIRECTOR, had no comments.

MR. STREATOR, SAFETY DIRECTOR/PUBLIC SERVICE DIRECTOR, announced that the annual July 4th Bike Parade will proceed as planned, noting it will be somewhat challenging due to ongoing construction but that efforts will be made to ensure a safe and memorable event for the children. He confirmed the route will be the same as prior years, from the Aquatic Center across Detroit Road and along Healthway Drive and back. Mayor Jensen added that the parade will also include a celebration of the Girls' Track State Championship Team, who will be incorporated into the parade. He noted that discussions are underway about having the team ride bikes along with the rest of the participants and that the school's Athletic Director had specifically requested a parade recognition, to which the Administration was pleased to oblige.

AUDIENCE COMMENTS:

Pat Jankowski, a resident from 1409 Hollow Wood Lane addressed Council regarding the e-bike situation, expressing pointed frustration at what she characterized as years of discussion without sufficient action. She challenged Council directly, stating that she had been hearing concerns raised for three and a half years and that, in her view, nothing substantive has changed. She referenced a small town of approximately 4,000 residents that had enacted multiple laws governing e-bike use and questioned why a city of Avon's size had not done the same.

Mr. Fischer acknowledged that while laws can be passed, enforcement remains a challenge, noting the difficulty of having officers chase children on bikes. Mayor Jensen responded, agreeing with Ms. Jankowski's frustration but noting that the process takes time and that even at the State level there is no consensus on enforcement. He acknowledged the complexity of the issue but reiterated the Administration's intent to have something before Council at the July Work Session.

Ms. Jankowski pushed back, stating that it appears the Council meets, acknowledges the problem, and nothing gets done. She stated she does not know whether other towns are actually enforcing their Ordinances, or whether it is merely window dressing. Mr. Fischer acknowledged her point, noting that passing legislation without enforcement capacity has its limits when dealing with a city the size of Avon.

Ms. Patton asked whether there is a specific piece of legislation Ms. Jankowski had seen in other communities that she thought Council should consider passing. Ms. Jankowski indicated she shared some materials with the Mayor but was not offering specific legislative proposals; her concern was fundamentally one of urgency and action. The Mayor confirmed receiving materials from her.

Ms. Jankowski closed her remarks by stating she fears a child will be killed before the City acts and shared a personal near-miss incident involving a young rider on an e-bike, expressing relief that she was able to stop her vehicle in time. The discussion became tense at times but was briefly lightened humor before Mr. Fischer moved the meeting forward.

ADJOURN: 7:57 P.M.
A motion was made by Mr. Radcliffe and seconded by Ms. Etienne to adjourn the Regular Meeting of Council, and the vote was: Ms. Patton, “yes”; Mr. Radcliffe, “yes”; Ms. Berges, “yes”; Mrs. Demaline, “yes”; Ms. Etienne, “yes”; Mr. Fischer, “yes”.

The vote was 6 for and 0 against, and the Chair declared the motion passed.
